

Clean Vacations

Dear Tourist:

We would like to let you know that those making use of the services offered on the hotel beach should please take note of the following information:

The rental of any beach recreational services and vehicles such as 4-wheel beach bikes, horseback riding, light “delta wing” aircrafts, jet skies, etc. are extremely dangerous and all carry the possibility of very serious and/or even fatal injury. The operators of these services are not regulated or insured and will not offer you any assistance whatsoever in case of accident or injury.

Most food and beverage items sold on the beach by public food vendors alien to the hotel restaurant operation carry the risk of foodborne contamination due to poor sanitary conditions during their preparation and handling. We strongly advise you not to consume any food items offered by these vendors in order to avoid the possibility of gastrointestinal disease and/or food poisoning.

The Hotel will not accept any liability, claim or responsibility, partially or fully, from any injury, inconvenience or problems originated by the use of any services or products offered by public vendors
